Georgia, Tbilisi

## SUMMARY

Junior React Developer with 2.5+ years of hands-on experience building responsive web applications using React.js, Next.js, JavaScript, and Tailwind CSS. Demonstrates expertise in React hooks, Redux for state management, and REST API integration. Solid understanding of component-based architecture, performance optimization, and responsive design principles. Currently expanding backend skills with Node.js, Express.js, and MongoDB. Passionate about writing clean, maintainable code and contributing to collaborative development teams.

## EDUCATION

### Ilia State University

Bachelor's Degree in Business Administration  
2018 – 2022

## SKILLS

- Front-end: HTML, CSS, JavaScript, TypeScript, React.JS, Next.JS, Tailwind CSS, Styled Components, Redux, Zustand
- Back-End: Node.js, Express.js, MongoDB
- Languages: Georgian (native), English B2

## CERTIFICATIONS

- Software Development Skills React, Specialist Certificate – PeopleCert
- Front-End Programming with React – New Horizon
- JavaScript – Academy Of Digital Industries
- Front-End (React) – Bitcamp (2023)

## PROFESSIONAL EXPERIENCE

### Junior React Developer

Unilab | 2025 – Present

- Developed and maintained responsive user interfaces using React.js/Next.js and Tailwind CSS.
- Collaborated with a small team to design and implement front-end features based on project requirements.
- Integrated RESTful APIs and managed state with Redux for scalable data flow.
- Participated in code reviews, troubleshooting, and debugging to ensure high-quality deliverables.

### Front-End Developer

Upwork | 2024 – Present

- Designed and built responsive web interfaces for clients using React.js, JavaScript, and Tailwind CSS.
- Transformed client requirements into clean, functional UI components with pixel-perfect design fidelity.
- Integrated third-party APIs and optimized application performance for cross-browser compatibility.
